

July 31, 2020

Friends,

**The WASH Rotary Action Group is a group of Rotarians with a passionate dedication to providing people everywhere with sustainable access to water, sanitation and hygiene. Reporting to the WASH Rotary Action Group Board of Directors, our nine-member Operations Team is responsible for the day-to-day functions of the group. In recent months two of the team's members have retired and we are now seeking candidates who share our passion and are prepared to dedicate the necessary time and effort.**

**All members of the team are volunteers. Meetings are held twice a month on Sunday mornings (8.00 am Eastern Time) and we sincerely appreciate the commitment this implies.**

**Attached to this letter are descriptions of the two positions. If you think you have the necessary skills and background, please send a brief (1-page only!) summary to [info@wasrag.org](mailto:info@wasrag.org)**

**We will accept applications until August 31st and hope to have the candidates in place by September 30<sup>th</sup>.**

**Warm Rotary regards,**

**Nicholas Mancus, Chair  
WASH Rotary Action Group Operations Team**
